

“Could this Traveler be my knight in shining leather?” Wyatt Cruz is a scientist stationed on Delta Rise. He’s working in his lab when the station is suddenly overtaken by a group of savage space pirates called The Dragon Guard. He springs into action and finds a hiding place with one of his lab partners. But, when they are about to be discovered, Wyatt sacrifices himself and ends up getting abducted. “Why? Why were you fighting so hard?” Zaden Galaxxis is a bounty hunter, traveling the star systems and chasing down hits for a paycheck. He’s tracking down the captain of The Dragon Guard when he finds him taking Wyatt and ravaging Delta Rise. He manages to save Wyatt and, in the process, realizes that he just saved his fated mate. Things should be straight forward. Fated mates belong together. No questions about it. So, when Wyatt begins to resist the connection, Zaden must find a way to break through his walls. Can Wyatt overcome his past so that he could accept Zaden into his heart? If he does let Zaden in, can Wyatt even deal with the massive life changes that are bound to follow or will he just crack under all the pressure? _____ Alien Baby is a burning hot M/M sci-fi with some man on man-alien action and male pregnancy resulting from those out-of-this-world encounters. It is the third book in The Traveler series. It can be read alone and contains no cliffhangers.
