

Touch is essential for life, and what Viola Brody calls capable touching is the core of developmental play therapy, building both the self of the hurt child and his or her appreciation of the nurturing other. It thus makes way for dialogue between them and - as the dialogue becomes an organizing force for the child's behaving and relating - facilitates healing and maturation. In recognition of the crucial importance of knowing how to be present with a child in a reparative role, Dr. Brody incorporates training in developmental play into the body of her book to provide therapists, teachers, and other helping professionals with the experience they need to understand and practice capable touching.

How To Write For Television 7th Edition: A guide to writing and selling TV and radio scripts, The Old Oligarch (LACTOR), DNA-Protein Interactions: Principles and Protocols (Methods in Molecular Biology), Wicked Strange: New England ghost stories and weird tales, But Grace Prevailed, The Times History of the War in South Africa: 1899-1902, Volume 1... - Primary Source Edition, Super Spices: Your Secret to Potential Life-Savers, Super Health and Glowing Skin: My super anti-ageing spices that fight disease, regulate blood sugar and keep your skin firm, The Interpreters Dictionary of the Bible (5 Volume Set), Third World Debt and International Public Policy, John Redmond (Life & Times),
