

They say like attracts like. Considering Chris Loman's bad reputation, he's been known to attract some very wild girls. All that changes when he meets shy, studious Miriam Pritchard. Doing a major landscaping job on the Pritchard's backyard, Chris has a birds-eye-view on her life and soon discovers a family secret that will leave Miriam needing him more than ever. As the backyard transforms into a peaceful oasis, Chris also transforms from a misdirected bad boy to a responsible entrepreneur, thanks in part to Miriam's guidance. Thrown together for a life changing summer they'll never forget, the dirt flies and hearts open to the possibilities of love. Maybe opposites really do attract.
