(2007),

Human resources is used to describe both the people who work for a company or organization and the department responsible for managing resources related.

Human resource management (HRM) is the business practice of overseeing an organization's employees. HRM is sometimes referred to simply as human. Employers used to take a dim view of job candidates with body art. But times have changed. New research shows that there's no longer any labor-market.

Human resources managers plan, direct, and coordinate the administrative functions of an organization. See the career profile for detailed information. Definition of human resource management (HRM): The process of hiring and developing employees so that they become more valuable to the organization.
