

The last three decades have seen an explosion of biblical scholarship on the presence and consequences of the oral expression of tradition among Jesus followers, especially in the earliest decades of the Common Era. There is a wealth of scholarship focused on "orality." This scholarship is, however, abstract and technical almost by definition, and to date no introductory discussion exists that can introduce a new generation of biblical students to the issues being discussed at higher levels of scholarship. Rafael Rodriguez address this gap. Rodriguez adopts a fourfold structure to cover the topic, beginning with basic essentials for further discussion of oral-tradition research and definitions of key terms (the "what"). He then moves on to discuss the key players in this area (the "who") before examining the methods involved in oral-tradition research among New Testament scholars (the "how"). Finally Rodriguez provides examples of the ways in which oral-tradition research can bring texts into clearer focus (the "why"). The result is a comprehensive introduction to this key area in New Testament studies.

Microsoft SQL Server 2012 T-SQL Fundamentals by Ben-Gan, Itzik Published by Microsoft Press 1st (first) edition (2012) Paperback, An Affair Without End (Willowmere), Introduction to Yoga and Pilates - Improve Your Flexibility, Increase Mobility and Relieve Tension: Learn How To Transform Your Life (Maximize Your Human Potential), The Philippines..., Chinese Military Encyclopedia ( Second Edition ) : Military oceanographic(Chinese Edition), Oversight hearing on the impact aid program: Hearing before the Subcommittee on Elementary, Secondary, and Vocational Education of the Committee on ...
